ABOUT US

Welcome to DUOTTI Beauty Systems - your trusted partner in the world of manicure and pedicure!

We are a Portuguese national brand, created by a team of professionals with over 20 years of experience in the beauty sector. Understanding the needs of professionals and customers, we created a brand where high quality combined with affordable prices becomes the standard.

DUOTTI Beauty Systems offers a wide selection of professional products to help you achieve flawless results. Welcome to the world of worry-free beauty!

OUR ADVANTAGES

RELIABILITY

We carefully select each product to ensure its reliability and professional performance.

QUALITY

Each of our products is made from high-quality materials and undergoes rigorous testing.

HEALTH CARE

We design our tools to maintain professional health, taking into account all aspects of use.

EXPERIENCE

Our products are created by professionals with more than 20 years of experience in the field of manicure and pedicure, so we know exactly what a perfect professional tool should be.

TUNGSTEN BITS

PUSHERS

SCISSORS

duotti[®]
beauty systems

All DUOTTI cuticle scissors are crafted from top-quality materials.

Surgical Stainless Steel made from SUS-420J2 raw material.
Metal hardness ranges from 50 to 55 HRC.

Each pair of scissors undergoes a unique factory manual sharpening process and is prepared for immediate use.

Three tool series:

ERGO ULTRA PRO

Allowing each professional to select the ideal scissors that meet all criteria and contribute to an excellent work outcome.

Relax your Hand!

ERGO

ERGO-01 - Ergonomic professional cuticle scissors

..by Anna Popova

Cuticle scissors designed to **PRIORITIZE the WELL-BEING** of nail professionals.

ERGO-01 was specifically designed to minimize physical strain on the hand.

The **ergonomic handles** enable your thumb to function in a natural position, aiding in the prevention of palm muscle strain and reducing the risk of Carpal Tunnel Syndrome (CTS), the most prevalent occupational ailment among nail technicians.

The ERGO-01 scissors are designed to create flawless manicures while prioritizing the well-being of nail professionals. This embodies our core objective.

Would you like to attempt working without stress and with your hand fully relaxed?

Experience the convenience of ERGO-01 to simplify your daily work routine.

The **specialized support** for the little finger (pinky) will assist in positioning the scissors correctly and ergonomically, even for beginners.

The unique **anti-slip surface** in the screw zone will aid in preventing your index finger from slipping during cutting. This will provide you with complete control over the process and a secure grip on the tool in your hand.

Indeed, it boasts **thin, razor-sharp blades** and premium stainless steel.

CHARACTERISTICS

Blade: Thin, curved, 23 mm;

Handle: Ergonomic and asymmetrical, ideal for medium and small hands;

Tool size: ranges from 95mm to 110mm.

Premium Material

Raw material: Surgical Stainless Steel SUS-420J2;

Metal hardness ranges from 50 to 55 HRC.
Enhanced polished finish.

Exclusive Sharpening

Sharpened manually at the factory, with thin and narrow blades for precision cutting.

ULTRA SCISSORS

duotti[®]
beauty systems

These cuticle scissors are crafted from premium materials and feature a refined polished finish.

Surgical Stainless Steel made from SUS-420J2 raw material.

Metal hardness ranges from 50 to 55 HRC.
